## TAFT ANSWERS GANS

Will Open White House for Home-coming Week.

MAY ADDRESS THE RETURNERS

Secretary Meyer Announces that Several Ships Will Be Ordered to Washington to Take Part in Programme, and with Aviation Meet October Will Prove Big Month.

The White House will be open to the thousands of visitors who are expected to be in Washington for home-coming week in October.

President Taft yesterday notified Isaac Gans, chairman of the committee which is arranging for the fall celebration, that he would be glad to have the White House visited every day of home-coming week.

Mr. Gans said that the President will be invited to formally open home-coming week.

The Secretary of the Navy also notified Mr. Gans yesterday that the Navy Department will be glad to co-operate in making a success of the October event.

War Ships to Attend.  
Several ships of the navy will be ordered to Washington at that time, Mr. Meyer said, so that it may be possible to have them participate in any part of the week's programme on the Potomac.

An aviation meet will be one of the big features of home-coming week as assured. At the conference yesterday it was decided to hold the meet for the entire week and offer large prizes.

According to Mr. Gans, not less than \$50,000 will be offered.

The fullest presentation of home-coming week plans that has yet been made will be a feature of the meeting of the Chamber of Commerce to-night. Chairman Gans will go into details of the programme, and it is expected, will outline what will be the principal events of each day of the week of gayeties.

Attendance May Be 200,000.  
Two hundred thousand is the smallest estimate which Mr. Gans places on the number of visitors expected to be in Washington for home-coming.

At to-night's meeting Mr. Gans will show what other cities have accomplished through home-coming weeks, and what he believes Washington will be able to accomplish, if every citizen will co-operate in the effort to make the event one in which the whole nation will be interested.

The indictments are only two of a number pending against the prisoner. They charge that just about one year ago Davis embezzled about \$12,000 from Miss McKee, of Cincinnati, and Dr. W. D. Alexander, of Alexandria.

District Attorney Wilson will make the opening address to-day, and Attorney Henry E. Davis will conduct the defense.

In a letter mailed in this city, Mary D. Verdi, the sixteen-year-old Italian girl who disappeared from her home, 109 Four-and-a-half street southwest, last Friday, wrote to her mother, "Don't cry any more. I am all right." The letter reached the mother yesterday morning, but only increased her longing for her daughter, who was engaged to be married to John Messina.

The parents are inclined to think that the girl may have started out with a determination to study nursing, as since being a patient at Sibley Hospital a little more than a year ago she has frequently expressed a desire to become a nurse.

## ELEVATOR WANTED FOR UNION STATION

Representative Slayden Appeals to Committee.

In a recent discussion of railroad affairs in the House, Representative Slayden, of Texas, called attention to an improvement which he deemed necessary at the Union Station.

"There is one evil that ought to be corrected," said Mr. Slayden, "and the legislation concerning which will, I presume, come to this House, if it ever comes through the Committee on the District of Columbia. I refer to a situation down here at the Union Station. All of us who have the good fortune to live in Dixie, those who come to the Capital from the South, must come in on the lower level at that station. Now, I have often seen old people, sick people, feeble-looking women, with infants in their arms, arrive on that lower level from the South and be compelled to climb those long steps, and frequently they are discharged from the trains more than 100 yards from the stairway. Thus, at great inconvenience and occasionally, in the instances of old and sick people, at great peril to their health, they are forced to unusual physical effort. That ought to be corrected, and I hope that while this committee is dealing with these transportation problems they will see to it that better conveniences are had at that Union Station for the people who come from the South."

In answer to further questions, Mr. Slayden said that an elevator should be provided so that aged and sick people might not be compelled to climb or descend the long flight of steps. Mr. Slayden has addressed a formal letter to Chairman Smith, of the House, District Committee, appealing for action in the matter.

The following were named as the executive committee: Mrs. M. Johnson, Miss Noyes, V. E. Luke, R. E. Judd, J. O. Moque, and I. Fronani.

Brief addresses were made by Mr. Rogers, president of the association, and William W. Everett, manager of the firm. The relief association is planning its all-day outing. The organization has done a great deal to relieve the sick among the employees of the department store.

Rose and Huttler, took well, while a "musical absurdity in one act," by "A Manager's Trials," was the "hit" of the evening. The famous Dixie Quartet was present and entertained with plantation melodies. Miss Ethel Noble Johnson gave several soprano solos entitled, "An Irish Love Song," and "April Morn." The committee who arranged the entertainment is as follows: Dr. Charles W. Samuelson, J. I. Brown, J. T. Peffy, Samuel E. Boyce, H. L. Andersen, J. W. Dyre, and William J. Rich.

**EXTENDS NINETEENTH STREET.**  
House Agrees to Bill for Washington Heights Improvement.  
The House yesterday by a narrow margin passed the bill which passed the Senate January 18, providing for the extension of Nineteenth street from Belmont road to Biltmore street northwest, with a width of fifty feet. The bill was under consideration on the last District day, two weeks ago, and was so strongly opposed at that time that Chairman Smith, of the District Committee, permitted an adjournment without a vote being taken.  
It came up yesterday in the regular order. Representative Johnson, of Kentucky, who opposed it formerly on the ground that under the proposed plan of assessment of damages property remote from the improvements would be unduly levied upon, was absent yesterday. A query by Mr. Sims, of Tennessee, disclosed that there was no minority member of the committee present to oppose it. It was finally laid aside in Committee of the Whole, by a vote of 45 to 25, and was passed in the House latter by 44 to 40.
